

# Intel® Connectivity Performance Suite

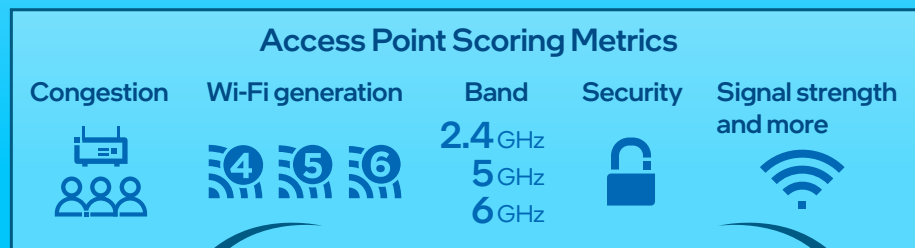

It's like your PC has a Wi-Fi expert continuously optimizing performance

## Make the Best Wi-Fi Connection Automatically

Most Wi-Fi connections are based solely on distance & signal strength.

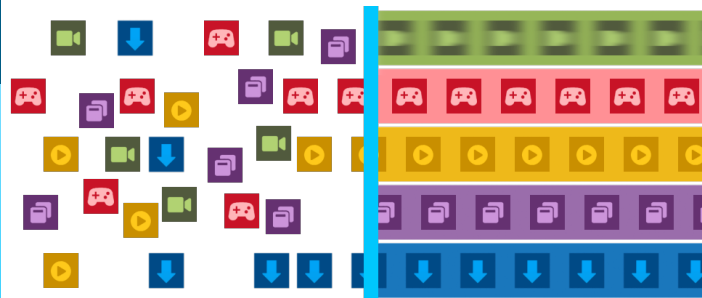

The app continuously scores available connections based on multiple key metrics.

The app dynamically keeps you connected to the best Wi-Fi access point and band.

## Prioritize the Data that Matters Most

The app prioritizes critical traffic to help ensure optimal experiences.

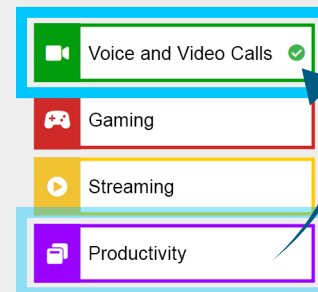

Data prioritization

Prioritization

Mode Selector

Boost the priority of the selected mode

Customize your application preferences

## Real-world Improvements During Network Contention

Up to **66%** lower latency<sup>1</sup>  
(for voice/video calls)

Up to **4x** better resolution<sup>2</sup>  
(on streaming video)

Up to **30%** faster speeds<sup>3</sup>  
(via best AP/band selection)

## Intel® Connectivity Performance Suite & Intel® Wi-Fi 6E (Gig+)

Great connectivity experiences on new Intel® EVO™ platforms
